BEAUTIFULLY UNIQUE BATHROOM BRASSWARE

Explore a collection of beautifully unique bathroom brassware designs that maximise aesthetic appeal.

Showcasing sophistication and creativity, the **St James** Living collection adds a premium touch to any home and does so with fresh on-trend designs and unwavering attention to detail.

In addition, **St James** Living taps, showers and mixers effortlessly combine cutting edge design, functionality and ease of use.

The exclusive new styling options have also been carefully curated to offer the perfect contemporary or classically traditional solution.

INSPIRED TO PERFORM

The St James Living collection was born out of a passion and a rich heritage that's evolved from over 50 years experience in manufacturing exquisite brassware.

Our trademark attention to detail is unrivalled within the industry and we insist on using only the finest materials and internal components from trusted, hand-picked partners.

As a result, Living products can be chosen and installed with confidence. All taps, showers and mixers also come with a reassuring market-leading 15 year guarantee for complete peace of mind.

The ABBEY collection is instantly recognisable with its uniquely distinctive spout and gently curved edges.

Fleet Street connects The Strand to St Paul's and was at the heart of British printing and publishing for almost 400 years.

By the 20th century, most major newspapers were based there and Fleet Street became used as the term when referring to the national press and journalistic professions.

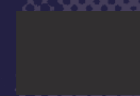

The FLEET collection is now making headlines of its own with its soft contemporary design and sleek modern lines.

ST JAMES LIVING

CARNABY STREET, LONDON W1

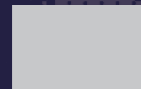

Carnaby Street forged its reputation as the centre of everything cool at the height of the swinging 1960s.

Its unique mix of iconic shops resulted in the street being frequented by the most enthusiastic followers of fashion together with leading lights from film and music.

The CARNABY collection continues this association with an on-trend soft square silhouette that has been designed to compliment every bathroom.

London's Eaton Square is firmly established as one of the most desirable residential addresses in the UK.

Located in upmarket Belgravia, its houses are typically expansive, multi story designs clad in contemporary white stucco. Many world famous names have made it home including Sean Connery and Neville Chamberlain.

The St James Living EATON collection takes inspiration from this location, and calls upon distinctive cutting edge styling to make a genuine statement.

Old Compton Street runs through Soho in the West End of London and takes its name from Henry Compton who helped to raise funds for a local church in the 17th century.

When French refugees were granted asylum by Charles II in 1681, they also made it their home.

The COMPTON brassware collection is crafted from high grade stainless steel to make an equally enduring impression.

ABBEEY ROAD, LONDON NW8

London's Abbey Road needs no introduction having been immortalised by The Beatles after recording their iconic album at the Abbey Road Studios.

The album cover featured the road's zebra crossing which remains a hugely popular attraction.

The ABBEY collection is also instantly recognisable with its uniquely distinctive spout and gently curved edges.

Cavendish Square can be found in London's upmarket Marylebone. This public garden was started for the second Earl of Oxford in 1717.

It also features a bronze statue of George Frederick Cavendish Bentinck, which was crafted by Thomas Campbell and erected in 1848.

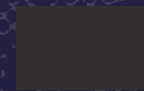

The CAVENDISH collection boasts a distinctive contemporary influence to add a timelessly enduring finishing touch.

GUARANTEE

At St James, we believe in providing our customers with the best quality products. That is why we guarantee our products against manufacturing defects, provided that they are installed in accordance with St James installation instructions. Our guarantee terms and conditions require that our product is used as recommended by St James in normal domestic purposes and that care, installation, and maintenance instructions have been observed. You should retain a copy of your dated invoice as proof of purchase to guarantee any claims under this warranty. The claim must be made in accordance with all applicable guarantee terms and conditions, including those detailed below.

This guarantee does not cover damage caused by improper use, wilful or accidental damage, damage caused by negligence, normal wear and tear, scuffs or scratches, improper installation, improper storage, abnormal usage (including usage in extreme temperatures), or damage caused by improper maintenance or cleaning (including the use of unidentified chemicals or cleaners containing corrosive agents). Damage caused by impurities in the water supply or acts beyond our control are not covered.

If you wish to make a claim under this guarantee, please contact St James as soon as you identify a manufacturing defect. Upon identifying a defect, do not use or install the product. Our customer service team is available to answer any questions you may have. You can contact us by phone at +44 (0)121 358 1555 or via email at info@stjamesengland.com. All claims must be received within the specified guarantee period, and you must include a copy of the invoice confirming the date of purchase and proof of ownership. If you are not the original purchaser of the St James product, we require that you provide proof that the benefit of this guarantee has been transferred to you.

If St James finds that a St James product has a manufacturing defect and a valid claim has been made, we will replace or repair the product at our discretion. This will be St James only obligation under this guarantee in respect of the defective product. Before agreeing to satisfy a claim, St James reserves the right to inspect the product and the installation or view images of the product and installation prior to agreeing to satisfy a claim under St James's guarantee.

St James may discontinue products and makes no promise that it will continue to hold spare products or parts for discontinued products. St James's liability under this guarantee to repair or replace a defective product that has been discontinued will be subject to St James holding the relevant product or spare parts. If a product is discontinued, St James will use reasonable endeavours to hold spare parts for that product for at least five years after discontinuation.

St James will not accept any claims if the products have been modified in any way other than those provided for in the installation instructions. To ensure that your warranty remains valid, any product or parts fitted must be St James's original product, unless previously authorised in writing by St James. Please note that any parts fitted from other sources will invalidate the guarantee.

The guarantee does not affect the purchaser's statutory rights.
